All of us here at Mohawk Finishing Products wish you and your family a happy holiday season.

Feature Products

E-Z Flow™ Leather Marker

E-Z Flow™ Leather

Marker offers breakthrough technology in the design of a new valve and applicator system. Just a couple of pushes on the valve, and the marker is ready to use! The sponge applicator flows effortlessly to spread color evenly every time, no matter how large or small a spot is being restored. The color lays flat, with no ridges between the rows, blending seamlessly with the surrounding area. The screw-on top provides an air-tight seal so the applicator stays wet and ready for your next repair. Custom colors are available.

Quick Fill™ Burn-In Stick

Quick Fill™ Burn-In

Sticks make filling defects quick and easy. This easy to use burn-in stick can be applied using a simple heat source such as the **Micro Therm Flameless Heat Gun** and leveled without the use of burn-in knives or sandpaper. This means no burns or sand throughs to the existing finish. Quick Fill™ Burn-In Stick is designed to fill nicks, dents and scratches. It is the perfect filler for cabinetry, vinyl wrapped products and photo processed laminates. Since the Quick Fill™ Burn-In Stick is available in 36 colors and 4 assortments, it is the perfect choice for field service technicians, production workers, or cabinet installers. Custom colors are available.

Advantages:

- Low Sheen
- Quick and simple application
- Simple to learn and master

JT LTD. Custom Woodworking

JT LTD turns your vision into your own wood masterpiece.
John Turner, with **JT LTD**

Custom

Woodworking located in Exton, Pennsylvania, believes in the beauty of wood, its warmth, its color, its texture... nothing equals the beauty of wood.

For over two decades, JT LTD. has combined a detailed knowledge of woodworking with innovative ideas in design to create unique expressions in wood for their clients. From a small delicate table to a massive wall of built-in cabinetry, John Turner and his staff of craftsmen work closely with their customers to ensure that each piece of fine furniture will reflect their ideas, style, and personality. At JT LTD. the quality of service matches the quality of craftsmanship. JT LTD. can provide a complete design from your simple suggestion or execute your fully drawn plans. Your satisfaction with the process of creating your vision is as important to JT LTD. as your enduring satisfaction with the furniture itself. The exquisite piece of furniture you always wanted--your vision--created by JT LTD. Custom Woodworking.

Nothing matches the elegance, the richness, the comfort of finely crafted wood. Nothing in your home will bring you more satisfaction than owning unique furniture, brilliantly crafted by JT LTD.

JT LTD. creates masterpieces in wood for your home or for your business. Whatever your needs: a new set of custom built-ins, display units for a store, or hand-crafted furniture for the home or office - JT LTD. can do it. Visit them at www.jtltd.com to see some of the beautiful pieces that they have created.

With the use of Mohawk products, we help John and his staff at JT LTD Custom Woodworking create wood masterpieces. Some of the products used by JT LTD. are:

- **Ultra™ Penetrating Stain**
- **Tone Finish® Aerosols**
- **Wiping Wood™ Stains**
- **Pro-Mark™ Markers**
- **Fil-Stik™ Putty Sticks**
- **Wood Repair**
- **Lemon Oil Polish**
- **Finisher's Glaze™ Glazing Stain**

Technical Tips

Frequently Asked Questions or Ask The Expert

If you have any questions or need advice for your project, contact our Expert by clicking on the links above.

Below are some guidelines and tips for using the featured products in this newsletter:

E-Z Flow™ Leather Markers

Shake E-Z Flow™ Leather Markers well before using. Test color on a hidden area. To start flow, press sponge applicator down on hard surface and apply slight pressure to the tube. Apply color in even strokes. Multiple coats will produce better results.

Quick Fill™ Burn-In Stick

Quick Fill™ Burn-In Sticks are as simple and as the name implies, quick. They can be used for filling in nicks, chips, scratches and other defects on wood and laminates. To produce the best repairs, trim the defect first. Pre-color the defect using a **Mohawk marker** (optional). Choose a background color from one of the 36 Quick Fill™ Burn-In Stick colors. Heat the end of the stick until shiny, using the **Micro Therm Flameless Heat Gun (M900-3215)**. Rub stick into defect and allow to cool. Level excess filler with a **Mohawk Leveling Card (H898-0002)**. Add color with a **Blendal™ Stick (M340-series)** Seal the Quick Fill™ and Blendal™ Stick with a **Mohawk clear aerosol**.

Let Mohawk Finishing Products Train You

Mohawk provides professional wood and leather touch-up, repair and finishing training workshops throughout the United States.

It's important for you to know that our instructors have many years of experience in the wood finishing industry and the leather industry as well as many years of training experience. They are also the type of individuals who take pleasure in helping people learn. You'll find each one supportive and proud to have the privilege of being your teacher. We will do everything possible to make these courses informative and profitable for you, whether you are a beginner planning to start a new career or an old pro looking for a few new tricks.

Mohawk Finishing Products offers:
