

Mohawk Finishing Monthly Newsletter

Hello! Several of our valued customers have requested a monthly newsletter. Here it is! Our first official MOHAWK FINISHING PRODUCTS NEWSLETTER. Our goal in producing a monthly newsletter is to provide ways to do faster, easier touch-ups and repairs. Each month the newsletter will include one or more feature products.

- ▶ **Subscribe**
- ▶ **Unsubscribe**
- ▶ **Contact Us**

One of this month's feature products is our MARKERS. We offer markers for both wood and leather (yes, leather). We are currently the sole provider in the industry for LEATHER MARKERS. Our BACKGROUND MARKERS are the newest addition to our line of markers for wood – another feature product this month. All of our markers are packaged in a clamshell designed to minimize damage in transit and once it arrives at your location, it provides easy storage and identification.

We hope you enjoy our first newsletter and welcome your feedback and suggestions for future monthly newsletters. Please submit your comments on our [Contact Us](#) page.

If you would like to continue to receive the monthly newsletter please take a minute and subscribe. Otherwise, you will be removed from the email distribution.

Monthly Feature

Featured Products

Background Markers

- New high holdout material
- Remains wet & flowing in the nib for long edges
- Dries rapidly after application
- Thin, highly opaque, low sheen film
- Compatible with virtually all finishes
- Covers burn marks, glue lines, fills & other objectionable colors in substrates
- Does not change color or darken when applied to porous substrates like particleboard
- May be top coated within minutes without bleeding or spreading

Customer Website

One of the things we, as a group, enjoy is sharing with each other is our customer's websites. Some of you can do some really amazing and beautiful things with our products. We would like to share your website with everyone. If you would like to have your website featured, just let us know. We are always looking! [Contact Us!](#)

This month we are featuring [The Kennedy's](#).

Bart and Ellen Kennedy have been making handmade miniatures for over 14 years. Bart's specialty is miniature pianos, organs and phonographs for dollhouses. Each miniature runs ½ to 1 inch in size. Sometimes Bart will make one as big as 5 inches. His miniatures are so detailed that he sometimes is accused of selling pianos that have been cast in plastic. If you think that Bart does some really amazing things you should see Ellen's gingerbread houses. We are in awe of the amount of detail that goes into something so small. We can't wait for them to do a show in our area. Be sure to check out their show schedule when you visit them.

Let Mohawk Finishing Products Train You

Mohawk's **Wood Workshops** will train you using the most up to date techniques offered in the industry for wood touch-up and repair. Our

Leather Workshops will teach cutting edge techniques for leather care, repairing and reviving worn and damaged leather. To find out more about workshops near you click [here](#).
